**Mercy - Former Resident’s Success Story**
*Thanks to the donors who helped to make this possible!*

Before Visitation House
- She faced an unexpected pregnancy + no place to live.
- Her family and support system lived in a far away country.
- Her career path was not established.

After Visitation House
- Job with steady pay + stable housing
- Balances both full-time school + work
- Mentoring Visitation House Mothers
- Will graduate as a registered nurse
- Building a strong family + community

---

**A Journey Just Beginning**

Jeunique’s life has been far from easy, and yet confidently she shares her heartbreaking story, empowering her future with hope.

“*I want people to know you can go through it all and still make it through!*”

Placed into DCF custody at the age of 3, Jeunique was adopted into what should have been a safe and loving home. Coping with physical and emotional abuse for several years and looking for understanding of what family could be, Jeunique became pregnant at the young age of 17. When she lost her first child to DCF, Jeunique found herself pregnant a second time only to have the same thing happen.

A resident of Visitation House for two months now, Jeunique waits in anticipation for the birth of her third unborn child. This time she knows she has a chance. Her baby will be coming home with her to the safe and stable environment of Visitation House. The next 6 months will be the biggest test of Jeunique’s life. Thanks to the donors who make Visitation House possible, Jeunique will be granted the opportunity to create a new life for her and her children. With her baby due in June, every minute will count.
